2.3.2 Students mentoring system available in the institution? Give details. (maximum 500 words)

The total student strength of the college is about **3237** whereas the total number of permanent staff constitutes 60 in number. Hence, lecturers who have been appointed as temporary faculty of about 65 also handle classes and are appointed as class tutors. Mentoring is done by the class-incharge also known as tutors. Hence, tutoring system is followed for all the classes. Each tutor maintains a biodata for individuals with all the data corresponding to their ward. In many departments the same tutor follows up with the students of the each academic batch. From their UG first to three years and if PG available in the department the same tutor mentors the batch of students.

The tutor guides their ward in availing scholarship, student id card, free bus pass etc.,. The tutor discusses issues related to social and societal norms. They create awareness on the discipline, personality and empowering ways and modes. The tutor is also responsible to update and inform the principal and their wards' parents pertaining to their discipline and academic performance. An attendance register is maintained in which the students leave and other reasons of absence are recorded which is also forwarded to the principal for further action. At times counselling and support in all ways are rendered to the student by the tutor to help them complete the program successfully.

Personal counselling is also done to the students during tutoring system. The mentor/tutor also meets their wards after college hours so that ample time is devoted to the specified ward.

2.5.2 Reforms initiated on Continuous Internal Evaluation (CIE) system at the institutional level (250 words)

Bharathidasan university stipulates on 3 assessments and one model examination for the UG examinations, which is calculated for the internal marks for each subject. The best of two internal evaluation and model exams are calculated and consolidated for 10 marks which is taken along with 5 marks for attendance, 5 marks for assignment and 5 marks for seminar/group discussion. The institution considers the CIA as an authentic indicator of evaluating student performance. The slow learners are identified through the evaluation and extra counselling or coaching is rendered to motivate the students.

Summative evaluation is made through end semester examination which is scheduled by the Bharathidasan University as the external examination for 75 marks. The institution conducts the examinations following the university norms. The question papers are given by the university and simultaneously the answer papers are collected by the University which is evaluated by the central evaluation system followed by the University.

2.5.3 Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The total number of working days is scheduled to 180 days for the academic year. Academic calendar is prepared based on Bharathidasan university schedules of examinations. The continuous assessment evaluation is finalised based on these schedules so that ample time could be given for university examinations to the students. The college schedule is maintained in a way that it doesn't overlap with the practical examinations or the university theory examinations.

5.3.2 Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)

The various committees like the department clubs comprising of secretary and joint secretary, Anti-ragging cell, Alumni association, student grievance redressal cells, Store, IQAC, cultural, fine arts, Women cell and the sports committee have student representatives for smooth and better functioning. The NSS, RRC, YRC and EDC have student coordinators to facilitate smooth functioning and execution of projects to the satisfaction of the Institution, students, parents and society as a whole. Each class has its representatives unanimously elected by the class students to facilitate smooth conduct of academic activities. Gender equality and representation is taken care of by having both boy and girl representative in every class. This helps resolve gender issues at the grassroots level itself.

5.3 Alumni Engagement

5.3.1 Whether the institution has registered Alumni Association? Yes/No, if yes give details (maximum 500 words):

NO

5.3.2 No. of registered enrolled Alumni:

802

5.3.3 Alumni contribution during the year (in Rupees):

Rs. 30,000/-

5.3.4 Meetings/activities organized by Alumni Association:

Departments conducted alumni meet within respective departments. The alumni meet gives opportunity to the current students to get in contact with them who help them with employments and other necessities of the department. Alumni of the college gave insights to where the college helped them in their career and growth. They also shared their experiences towards striving forward towards their upliftment. Meeting alumni was helpful to gather feedback on the college and its activities. This meet provided an enthusiastic environment among both alumni and the faculty members.

CRITERION VI –GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 Institutional Vision and Leadership

6.1.1 Mention two practices of decentralization and participative management during the last year (maximum 500 words)

Decentralization

1. The decentralized administration is evident in every sphere as each department/faculty functions as a separate sub-unit, in deciding and implementing the student-centric programmes and activities.
2. Library book purchase and its finalisation is adopted by the departments respectively. Based on the funds received by the college it is allotted to the departments which are responsible to purchase the required books in a cordial way.

Participative management

1. Regular meetings are convened amongst the Principal and the heads of departments before implementation of any rule or initiatives for the betterment of the students. The meeting of the principal with the staff at the beginning and end of every semester is indeed a reflection of the participative style of the Management.
2. The matters at the department level are discussed by the HOD with the faculty team in consultation with the Principal. This gives the faculty an enormous sense of belonging and pride in the institution and this brings out the best in them.

6.1.2 Does the institution have a Management Information System (MIS)?

Yes/No/Partial:

PARTIAL

6.2 Strategy Development and Deployment

6.2.1 Quality improvement strategies adopted by the institution for each of the following (within 100 words each):

- ❖ **Curriculum Development:** Faculty members who are university representatives or members in Board of studies play a major role in scrutinising and finalising curriculum based on the present societal and industrial requisites.
- ❖ Feedback from the students also is highlighted to the university representative based on the content of curriculum.
- ❖ The Research Departments offer M.Phil. and Ph.D. programmes, the supervisor designs the curriculum based on the needs of the society and upliftment of the students. All the 12 research departments of our college frame a well defined syllabus based on the depth and necessity of research area.

❖ **Teaching and Learning:** Bridge courses are being implemented to introduce the first year admitted students to the graduate level syllabus. To motivate the students to learn and practice the modules on recent trends, the faculty members update themselves through participating in various refresher courses, orientation programmes and attending seminars, conferences and workshops in their respective field of knowledge. ICT methods such as powerpoint presentations, video and audio sessions have just been initiated in many departments to enhance the student's capability with respect to the programmes they have enrolled. The institution provides best academic ambience with departmental library available to the students in every department.

❖ **Examination and Evaluation:** Bharathidasan University Continuous internal evaluation scheme is followed as per the university norms. Apart from the regular test we are conducting class tests, slip test, subject quiz etc., based on these measures special coaching is adhered to the slow learners and weak students. Special attention is given to the weaker students who are appearing for practical examinations by conducting extra practical sessions.

❖ The external central evaluation is adopted as per the university norms. The faculty members from other colleges evaluate our students' papers in the central valuation centre and the results are published by the university.

❖ The grading system of choice based system is adopted for individual semester and cumulative semester as prescribed by the parent university.

❖ **Research and Development:** Research is given utmost importance. Both faculty and students are motivated to obtain Major or Minor projects from UGC and other funding agencies. Research scholars are encouraged to get fellowships from authorised agencies to improvise their research.

❖ Well established Biotech Research Laboratory for Drugs from Marine Organism for Multi-drug Resistant Nosocomial Pathogens and Shrimp Disease Management using Marine Natural Products

❖ The Departmental research committee (DRC) monitors the development of the research activities of the scholars.

❖ Research scholars are motivated to attend and present papers of their research in various international, national conferences and to write journal articles to improve their knowledge skills on their research field.

❖ **Library, ICT and Physical Infrastructure / Instrumentation:** Every year more number of library books are purchased based on the amount sanctioned by the Tamilnadu Higher Education Department. This academic year 972 books of value Rs. 1, 69,025/- are purchased.

Depending on the need of the classroom and laboratory from the infrastructure grant allotted by the government well designed. Similarly any infrastructure or instrumentation required for the department is forwarded to the concerned authorities through the Principal. When the financial support is sanctioned, the purchase of the required infrastructure or instrumentation is made based on the comparative quotations and procured for the academic year. In the current academic year UGC funds were utilised to purchase equipments for about Rs. 22, 37,387/- .

❖ **Human Resource Management:** Faculty members are recruited through Teacher's Recruitment Board (TRB) and are to abide all the norms put forth by the Director of Collegiate Education. The teachers have to undergo orientation programme, refresher and faculty development programmes. Short term courses conducted by HRDC by various universities need to be attended by the faculty members to upgrade their subject knowledge and other related skills. The non-teaching faculty members need to undergo an account examination to upgrade themselves.

❖ **Industry Interaction / Collaboration :**

Field visits and internships play an important role in industry interaction emphasis. Interaction with industry is made on visit of students to local industries to gain practical knowledge and talks by industry people in different occasion inside the college premises.

❖ **Admission of Students** : The student's admission is made through transparent single window system, a well-known admission system of Government of Tamil Nadu. Admissions of students are made as per community quota that is followed as per follows:

QUOTA	Percentage Allotted
OC	31%
BC	27%
BCM	3%
MBC	20%
SC	15%
SCA	3%
ST	1 %

❖ There is no government institution in and around 30 kms of radius of Thiru. Vi.Ka. Government Arts College, hence more number of rural students especially girl students are admitted thereby developing women education. We serve the economically poor students who rely on the financial support offered by the various government schemes. Since majority of the students

are first generation students, at the time of admission the importance of all subjects are explained that more students are attracted towards that discipline.

6.2.2: Implementation of e-governance in areas of operations:

❖ Planning and Development

Computer is distributed to each department in this academic year.

❖ Administration

Digitization of data was started for administration purpose.

❖ Finance and Accounts

The data collection and related works were initiated to be digitized.

❖ Student Admission and Support

The applications received are entered and sorted out through computers. Further, the final eligible list is prepared for the single window admission process.

❖ Examination

The examination cell of Bharathidasan university which the institution is affiliated to follows release of results through online in an effective manner. The students can view their results by entering their university register number in the university portal.

7.2 Best Practices		
Describe at least two institutional best practices		
Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link		
1. Remedial Classes Goal: To reduce the failures in university examination Process: Every department selected a list of weaker students in their respective courses and trained them Practice: All the departments had their own schedule based on their timing and availability of the students.		

Evidences : Mostly in the third year majority of the students were able to clear their papers and obtained their degree.

Problems Faced: Students sometimes are not interested to stay back or do not come early enough for the extra classes. Mostly, staff had to compel or pressurize them to take up these classes which mostly led to cancellation of these classes in some departments.

Resources Required: Faculty strength is insufficient and awareness among students is required more.

Further special attention to SC/ST students were given. Special classes were conducted to improve their level of understanding of the subject.

2. Mentoring/Tutoring

Goal: To provide motivation for better performance in studies and to instil confidence among the students.

Process: Every department class tutors take care of their wards' academic and personal progress throughout their course of study.

Practice: The tutors meet the needed student after or before college hours to counsel or know their wards condition on a regular basis. . In case any issue sustains the head of the department and Principal involve in the issue who takes care of the issue or student as per the necessity of the situation. The tutors keep in contact with the wards' parent to update them on the student's attendance, progress and discipline.

Evidences: The number of absentees has come down because of counselling and the performances have shown a positive slope.

Problems Faced: Students sometimes are not interested in sharing their personal problems which is required to follow up on them. Girls especially don't express their problems. However, majority of the problems surface from their classmates or close friends which is addressed and rectified.

Resources Required: Faculty strength is insufficient. Large numbers of students are handled by a single faculty which keeps the staff restless at times.

7.3 Institutional Distinctiveness

Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Provide the weblink of the institution

Vision of the Institution

The vision of the institution is to become a premier institution by providing higher education with excellent quality to the rural youth by inculcating research spirit with global standard by instilling entrepreneurship with creativity.

To provide thrust on the vision of the institute, the college strives to provide quality education to the rural youth who are more or less localized, especially girl students. Besides this in our endeavour to make the students self-reliant and independent, they are given the freedom and guided to explore their own opportunities and to tackle the challenges of life to breed in themselves the strength and spirit to grow with the world around them. The development in their all-round personality - intellectual, academic, athletic, aesthetic, environmental and ethical values to the fullest extent remains our fundamental objective. Despite hurdles of the economic status, the students are made to acquaint themselves with the immediate needs of the society around them and to develop leadership potentials to guide the deprived masses towards a better standard of living giving due impetus to social

justice and democratic citizenship. The teachers as well as the organizations such as the NSS, YRC and Eco - Club giving appropriate focus to the above dispositions work with full determination and commitment towards these goals.

8. Future Plans of action for next academic year (500 words)

- All the activities carried out either by the departments and by the college are to be documented in Visual (Audio-Video) format apart from Print format, which will be supportive documents for the future generation.
- Each department club would be motivated to organise student orient programmes to enhance their personality skills and communicative talents.
- Creation of sponsorships from different sources for Funds are to be envisaged to the common cause and uplifting the infrastructure of the campus.
- As a safety measure to install Closed Circuit Television (CCTV) cameras for surveillance especially at the entrance and corridors.
- To Organize more community Development programmes to benefit the locality, society and promote the social responsibility of the students towards the nation.
