

## Group Insurance for Students – For accidents

2018-19: BEST PRACTICES

### Goal

To support the students at the time of accidents as welfare towards their family.

### The Context

Students of Thiru. Vi. Ka Government Arts College, are supported through University group insurance scheme from the college. At times of accidents the student the insurance would be claimed for the family of the student.

### Practice

The college collects Rs.25/- from each student and submits to the Bharathidasan university towards group insurance scheme.

### Challenges

The process of claiming insurance in dire need is complicated for the students. Hence, the college administration plays an important role. Awareness of this group insurance among the students is a challenge in the initial days.

### Evidences

This is the first year we have started this scheme and hence, so far the need for claiming insurance has not arisen.

### Resources Required

Collection of fund during the admission.

## Training for Competitive Examinations

### Goal

To create a supportive learning environment to face all forms of competitive examination.

### The Context

The sessions tend to improve their logical and communication skills. Personality development, Life skills and inculcating confidence within the students during the training is emphasised to create positive aura for the students to face their challenges.

### Practice

Final year students of both undergraduate and postgraduate students were given different schedules to attend the Training cum Entrepreneurship Development Cell. A separate TNPSC library that possess books related to competitive examination was inaugurated on 13.03.2019.

### Challenges

Most of the students are hailing from rural areas and hence they are poor in communication skills. The trainers have to teach them bi-lingual and also counsel them inbetween the training sessions. The students find immense pressure to adapt to the competitive world.

### Evidences

The introductory classes were conducted for the students and feedbacks were collected. The students were found to have confidence to apply and appear for the different competitive examinations.

### Resources Required

Department staff engaged in various session needs to be segregated for better output. Students with interest need to be identified for better impact of these training sessions.
